MARINE HARDWARE

PRODUCT CATALOGUE

BALTIC SUPPLIES AB

Company Profile

Baltic Supplies was founded with a vision to bring exceptional quality and craftsmanship to the metal manufacturing industry. We believe that every project deserves attention to detail and a commitment to excellence.

Starting as a small operation, we have grown by focusing on quality, customer satisfaction, and continuous improvement in our processes and capabilities.

To provide our customers with superior metal products that combine traditional craftsmanship with modern manufacturing techniques. We are committed to sustainability, innovation, and building long-term partnerships with our clients.

We are committed to sustainable manufacturing practices and environmental responsibility. Our processes are designed to minimize waste and maximize efficiency while maintaining the highest quality standards.

Every member of our team shares our commitment to excellence and takes pride in the products we create. This dedication is reflected in every piece that leaves our facility.

As we continue to grow, we remain focused on our core values: quality, customer satisfaction, and innovation. We are excited about the future and the opportunity to work with new clients and take on challenging projects.

Anchoring

Bruce Anchor
Chain
Anchor Swivel Connector

Non Horizontal Pole Design

Avoids Entanglement .

Manual Mirror Polishing

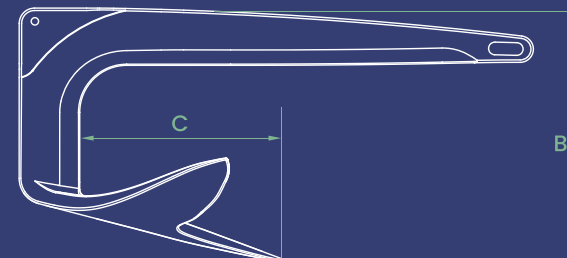

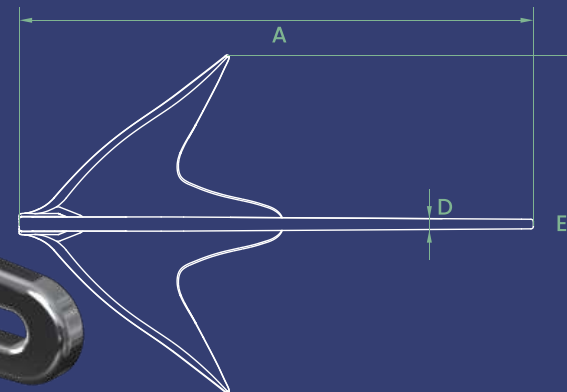

Exceptional Corrosion Resistance

316 Stainless Steel (Marine Grade Material)

Pass standard salt-spray testing

Triangle Stable Claw Type

Automatically Flips To The Optimal Grip Angle.

Tips:

Bruce anchors are engineered with shank shapes that self-launch and self-right on retrieval, making them easy to handle for all boaters.

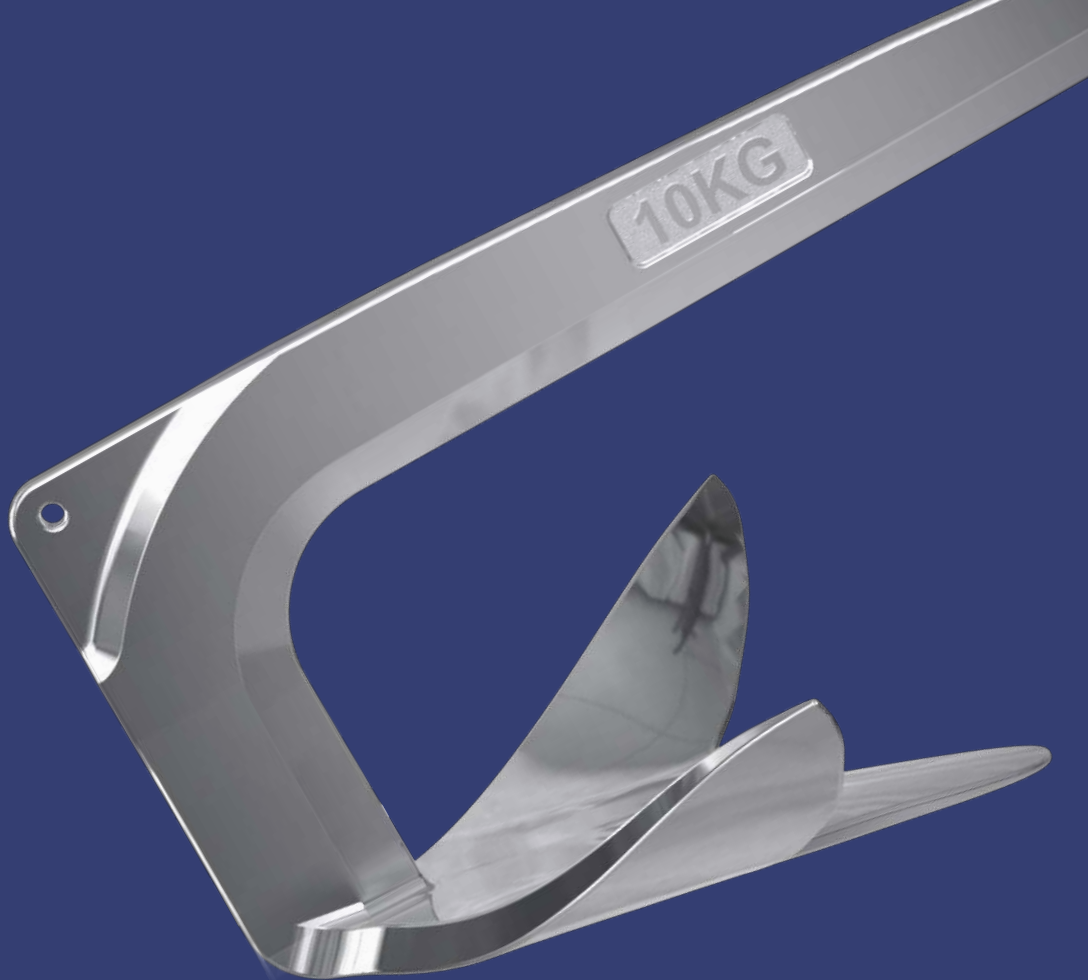

3D Or 2D CAD FILES

We supply naval architects and boat builders with detailed CAD files of Bruce anchors to facilitate seamless integration into any vessel's anchoring system. Get in touch with us!

Manual Mirror Polishing

Exceptional Corrosion Resitance

Pass standard salt-spray testing

316 Stainless Steel (Marine Grade Material)

Outrigger Rod Holder

Ideal for harsh and demanding conditions.

Process

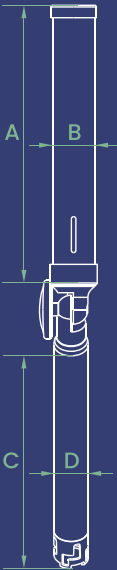

Silica sol precision casting.
Coating-Free Maintenance.

Secure & Stable

Ensures a firm grip on your fishing rods, even in rough waters.

Compatibility

Works with most standard outrigger bases for seamless integration.

180° Adjustable

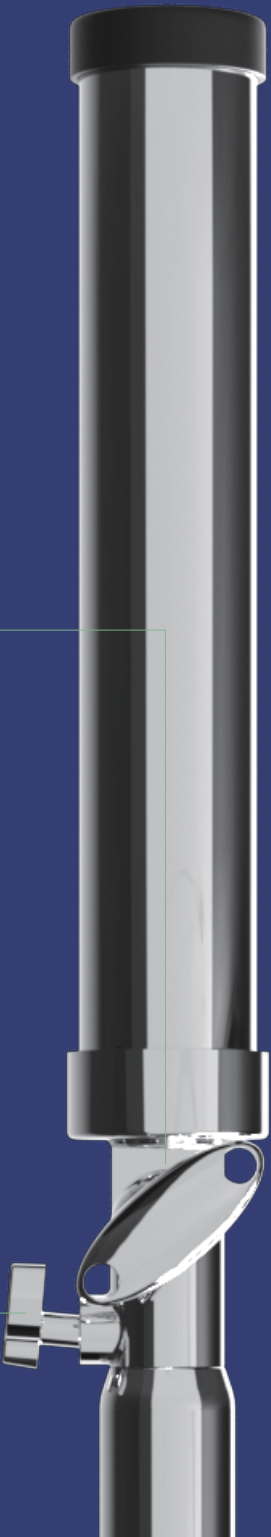

Swivel knob for rotating through 180 degree vertical axis.

360° Adjustable

Swivel knob for rotating through 360 degree horizontal axis.

salt-spray testing

316 Stainless Steel
(Marine Grade Material)

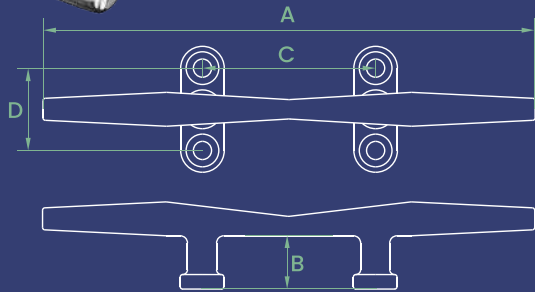

Performance

Coating free protection.

The base plate is formed with a
high flatness, ensuring no edge
curling.

Long Life

The curved surface evenly distributes
tensile force, reducing rope abrasion
and extending the rope's lifespan.

SIZE	A	B	C	D	SCREW	W
4 inch	107	20.5	50	24.8	Φ4.8×25mm	91g

12 inch	310	35.5	103.3	52	M8	1106g

Boat Pull Up Cleat

An ideal choice for performance, safety and beauty.

Manual Mirror Polishing

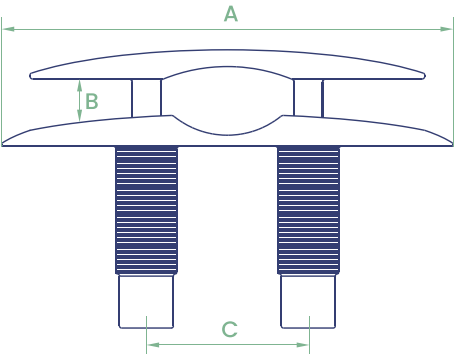

Exceptional Corrosion Resistance

Pass standard salt-spray testing

316 Stainless Steel (Marine Grade Material)

SIZE	A	B	C	W
5 inch	125	12	48	603g
6 inch	158	17	58	722g

Aesthetic Design

Hidden handle saves space, ensuring safety and beauty.

Performance

Streamlined Design with Smooth Edges. Coating free protection.

Flush Mount

Retractable Design. Perfect alignment between the pull up handle and base with minimal gap.

Boat Flip Up Cleat

An ideal choice for performance, safety and beauty.

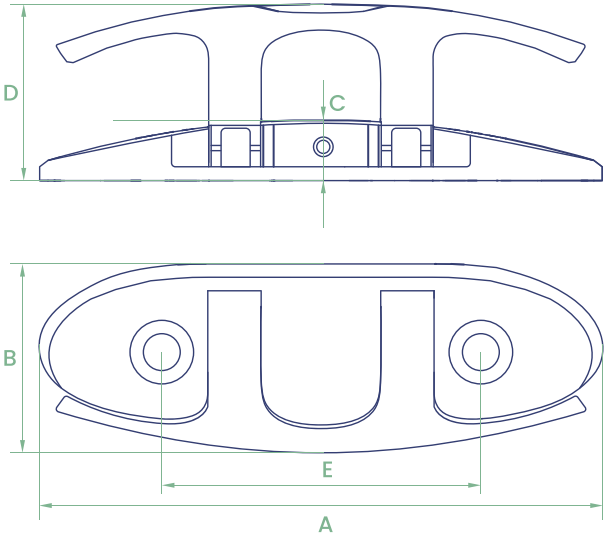

Reduces Noise

A nylon gasket is installed on the pivot shaft to provide a damping effect.

Spring-Loaded

The cleat features locking system through removable pin.

SIZE	A	B	C	D	E	SCREW	W
4.5 inch	119	42	14	38.8	68	M6	202g
6 inch	155	48	15.5	45.6	76.3	M6	353g

Performance

Streamlined Design with Smooth Edges.

Safety Function

Coating free protection. Perfect alignment with deck when folded, avoiding stumbling, especially suitable for compact boats or frequent deck activities.

Aesthetic Design

Folding design with hidden handle.

Manual Mirror Polishing

Exceptional Corrosion Resistance

316 Stainless Steel (Marine Grade Material)

Pass standard salt-spray testing

99012 Boat Cleat

An ideal choice for performance, safety and beauty.

Manual Mirror Polishing

Exceptional Corrosion Resistance

316 Stainless Steel (Marine Grade Material)

Pass standard salt-spray testing

Safety Function

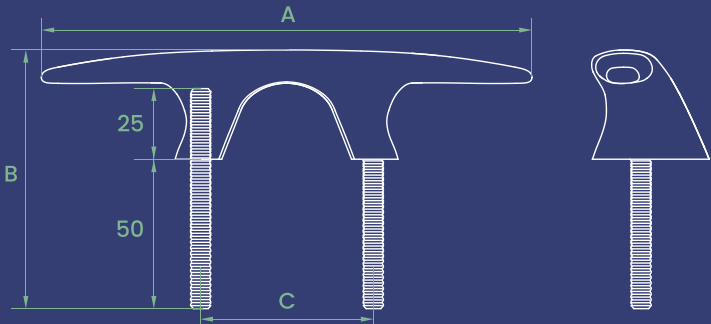

Gravity-tilted inward for a secure hold — no rope slippage, just consistent tension.

Heavy-duty Design

Cast in a single piece for enhanced strength. Asymmetrical design reflects individuality and character.

Long Life

Streamlined design and smooth edges minimize rope abrasion.

SIZE	A	B	C	SCREW	W
6 inch	162.4	85.5	55.8	M8	420g

Boat Open Base Cleat

An ideal choice for performance,safety and beauty.

Hatch Latch

Marine Hatch Latch

Marine Hatch Latch

Suitable for both interior and exterior applications.

Manual Mirror Polishing

Exceptional Corrosion Resistance

Pass standard salt-spray testing

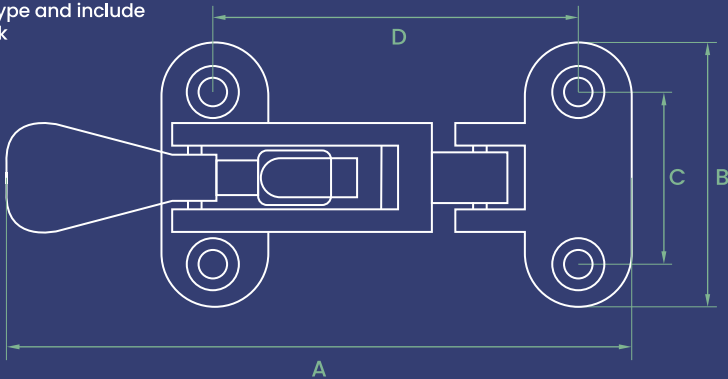

316 Stainless Steel (Marine Grade Material)

Production Process

The silent anti-rattle type and include an eyelet for a padlock

Boat Telescopic 3-4 Step Ladder

Heavy-duty load capacity, safe and reliable.

Manual Mirror Polishing

Exceptional Corrosion Resistance

Pass standard salt-spray testing

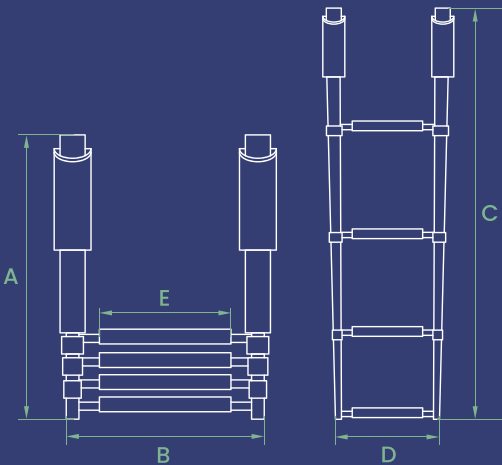

316 Stainless Steel (Marine Grade Material)

Production Process

Precision welding, elegant and durable.

Quick retraction and deployment, ensuring smooth application.

Safety Function

Black pedals with non-slip thread ensure your safety and comfort.

Max Loads: 900lbs.

SIZE	A	B	C	D	E
3 step	315	254	875	254	190
4 step	393	254	1155	254	190

Boat Telescopic 3-4 Step Ladder with Railing

Heavy-duty load capacity, safe and reliable.

Manual Mirror Polishing

Exceptional Corrosion Resistance

Pass standard salt-spray testing

316 Stainless Steel (Marine Grade Material)

Production Process

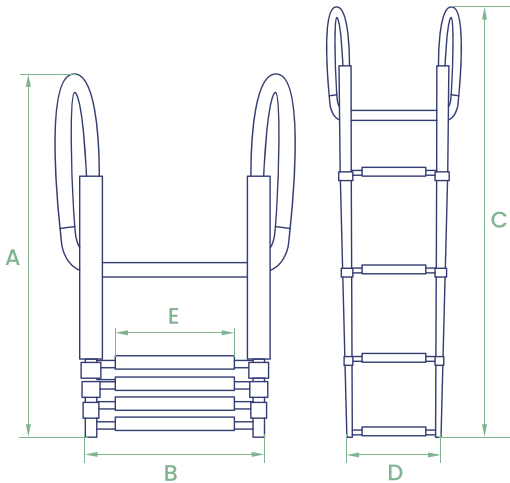

Precision welding, elegant and durable.

Quick retraction and deployment, ensuring smooth application.

Aesthetic Design

Double C-Shape Boat Ladder Stowing.

Telescopes and flip-up design for convenient storage.

Safety Function

Black pedals with non-slip thread ensure your safety and comfort.

Max Loads: 600lbs.

Steering Wheel

Boat 5 Spoke 3/4 inch Steering Wheel
Boat 5 Spoke 3/4 inch Steering Wheel
Boat 3 Spoke Steering Wheel

Boat 5 Spoke 3/4 inch Steering Wheel

Fitting for standard 3/4 inch tapered shaft.

Manual Mirror Polishing

Exceptional Corrosion Resistance

Pass standard salt-spray testing

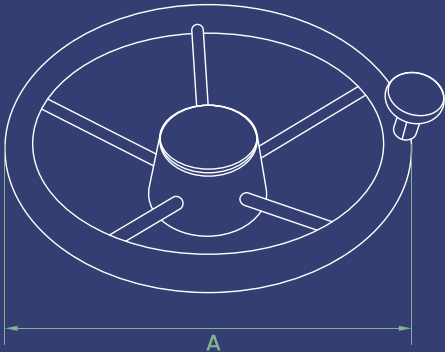

316 Stainless Steel (Marine Grade Material)

Production Process

Rim Fabricated from "Oval" tubing; Approx 25 Degree spokes.

Safety Function

With five spokes, it has high load-bearing capacity.
